THEY DO SAY "the picture in politics" only worked well a few days.

PRESIDENT IRWIN is announced to be at the meeting of the County Union in Hartford, the 16th inst.

A CYCLOPEDIA OF COMPANIES.—In Kentucky in Louisville was burned Monday afternoon. Two persons were seriously and several slightly burned.

THE "picture in politics" may be said to be purely the invention of Mr. E. P. Neal. If all men were good looking, this plan might work.

THE REPUBLICAN plan of asking foolish questions and then answering them is of itself amusing. If the Republicans can get any comfort whatever out of its "stew" men, let it go right ahead.

JOHN T. YOUNG has secured his connection with the Princeton *Advertiser*, which is a well-educated and good paper. His successor is T. J. Hill and Wattie Wilson. Mr. Hill will be editor, while Mr. Wattie Wilson will attend to the business of the paper. May they prosper in their new work.

Mr. E. P. NEAL must be making the race on his good looks. He has a fine picture of himself printed on the back of his card. His successor is T. J. Hill and Wattie Wilson. Mr. Hill will be editor, while Mr. Wattie Wilson will attend to the business of the paper. May they prosper in their new work.

A CYCLOPEDIA OF COMPANIES.—In Kentucky in Louisville was burned Monday afternoon. Two persons were seriously and several slightly burned.

COL. T. HENRY WILSON, editor of the Grayson *Advertiser*, is announced as a candidate for Delegate to the Constitutional Convention. Mr. Wilson is a first-class, well-informed man, and would make a painstaking, conscientious Delegate. His friends of the press would be delighted to see him honored by his people.THE REPUBLICAN, in its wild efforts to find something to say, always dives itself a lot of blow at the Little Rock. Its statements about the ex-members of the Legislature and the heavy taxation are probably all and that no one, however credulous, thinks for a moment about believing them. If the Republicans expect to help the Republican ticket by such an effort, the tenth, last, living paper of the county should regulate the whole lay out, and the signs of the *Advertiser* will be the last to go. Very few of the editors had the slightest idea of what power a capital was using in its part of the

The Republicans don't like for the County to sympathize with Wilber Condit in his high position on the Republican shelf. As the Republican shelf was one of the silent workers who helped "sheva" Condit, it ought to be kept quiet at least from policy, if not out of respect for Condit.

ANTHONY May, J. S. B. Woolsey, chairman of the Republican Committee, accepted the additional appointments made by Chairman Smith, his men won't work. Monday was a speaking day at Bell's Run church, and several of the Republican candidates were in Hartford up till speaking time. They don't want to wait to meet the Democratic boys any other than they are compelled to.

The Republicans of Christian county are having to take what they dealt out to the Democrats when Dick Tate defaulted. Their Sheriff has defrauded the State out of several hundred dollars, and is now undergoing investigation. The Republican party is in a bad way in Christian as elsewhere, and the Democrats stand a strong chance to win in the Republican stronghold of Christian.

The election of Mr. Urey Woodson President of the K. P. A. was a deserving compliment to a young journalist. The close race between Mr. Woodson and Harry Sommers showed that this latter gentleman was very popular with the boys of the press. Urey Woodson was on the troubled waters between Col. Johnson, the retiring President, and Mr. Woodson, his successor, by the courteous action of the Winchester meeting.

The bold stand taken by James G. Blaine on the sugar tax and reciprocity with South America, has caused political consternation in the Republican ranks. His blithe and ringing speech of the McKinley bill only added to this consternation. There are many Republicans in Congress who would like to go with Mr. Blaine in this new move of his, but how Reed holds them under his iron thumb. Mr. Blaine's assertion that the McKinley bill ought to kill the Republican party will likely prove true in '92. Let the work of conversion go bravely on.

COMPLAINT comes from several of our subscribers at Cynthiana about not receiving the *Herald* last week. It is a common occurrence, it seems, of late days, for the *Herald* to reach Cynthiana late in the week. Other places are also complaining and asking us why this neglect. We are extremely sorry for this and state that we are doing our best to correct it. The *Herald* is mailed promptly on the day of publication and with great care, and for delay must exist in the neglect of mailing clerks and postmasters. We don't look for an improvement in our mail service until after the election, as the postmasters and mailing clerks are too busily engaged running politics to attend to their legitimate business as it should be.THE PREVENTIVE CORRESPONDENT of the *Hartford Herald*, in his letter of that paper, reminds us finally of the scripture which reads: "The mouth opens his mouth and speaks." That man who pretends to be a minister of the gospel should indulge such obscene "cunt" is alike disgusting to decency as it is degrading to morality. His肆虐 attempt to draw the *Herald* into a controversy with him, so far as of influence and blackguardism that we must be excused from descending to the language of the "rake" to notice it, and will allow that self-conceited though unimportant person the pleasure of unimportant persons the pleasure of writing for those whose natures are too small to enjoy such subdaneous dangers.

THE S. T. A.

It was our pleasure to be present at the meeting of the Kentucky teachers at Frankfort during the last part of their session. The meeting was well attended from various parts of the State, and the entire program was carried out. President Glenn presided over the deliberations of the body in its usual order of business, and the speakers, Mr. H. C. Hunter, together with the people of Frankfort, excelled themselves in entertainments. Interesting programs for amateur and professional were presented. An excursion to Hillbridge was given, and to exceed all other features of their generosity, the hotel bills of the teachers were paid. The teachers were greatly pleased and handsome by the teachers, and one of them will ever be in favor of moving the State Capitol to Frankfort. The teachers were greatly pleased and handsome by the teachers, and one of them will ever be in favor of moving the State Capitol to Frankfort. The S. T. A. adjourned to meet again in the city of Henderson, and that lively, prosperous town will be up to early if she treats her guests better than the pleasant, historic town of Frankfort.

WAITER M. PARROT, in the *Forum* for July, draws the following clear picture of the condition of the state school under his administration.

"The "game" days of the

mountain school

and the K. P. A. was received with open doors, open arms, open hearts.
